Books for Teachers

This list of books and periodicals in the Decatur Public Library on educational subjects is printed in the hope of making the material listed more available and useful to teachers. The list is merely suggestive and does not include all that the library contains on the subject. For other material consult the card catalog, the periodical and document indexes.

An "R" prefixed to the call number indicates that the book is reference; "J" that the book is located in the children's room.

Every teacher in the city schools, public and private, is entitled to draw six extra books for school use on the regular borrower's card, subject to the usual rules.
